CGPA - 7.90

CERTIFICATION

Full Stack Developer (MERN Stack) @Error Makes Clever Academy.

PROFILE SUMMARY

Passionate MERN Stack Developer with a solid foundation in HTML, CSS, JavaScript, and React, complemented by expertise in MongoDB, Express.js, and Node.js. Fresh talent eager to contribute innovative solutions and grow within dynamic development environments.

PROJECT

Project - 1 : Bulk Mail Application.

(MONGO DB,EXPRESS.JS,REACT.JS,NODE.JS)

Description:

- Developed a Bulk Mail App using the MERN (MongoDB, Express.js, React, Node.js) stack.
- Created intuitive user interfaces with React for composing, sending, and tracking bulk emails.
- Implemented robust backend functionalities with Node.js and Express.js for user authentication, email sending.
- Utilized MongoDB for efficient storage and management of user accounts, email templates, and campaign data.

Project - 2 : Blog Portfolio.

(MONGO DB,EXPRESS.JS,REACT.JS,NODE.JS)

Description:

- Developed a dynamic Blog Portfolio application using the MERN (MongoDB, Express.js, React, Node.js) stack.
- Designed and implemented responsive user interfaces with React for showcasing blog posts and portfolio items.
- Engineered backend functionalities with Node.js and Express.js for user authentication, blog post management, and portfolio item handling.
- Ensured security and scalability through implementation of best practices in authentication and data handling.

SOFT SKILLS

- **Communication** : Clear, effective conveyance of ideas.
- **Adaptability** : Quick adjustment to change.
- **Leadership** : Demonstrated leadership by effectively coordinating and motivating team members to achieve project goals while fostering a collaborative and positive work environment.
